

Mowers

Professionals family

2 YEARS WARRANTY

The ETESIA family of walk-behind mowers guarantees clean, efficient work whatever the conditions...

ETESIA lawnmowers are the fruit of a unique half-century long experience of green space management, so they combine effectiveness in performing the task, ergonomics at work and quality manufacturing. Designed for an irreproachable quality of mowing and optimum efficiency, they also provide the use with comfort and safety, whilst also guaranteeing solidity and durability.

ETESIA professional lawn mowers family, offers you a wide range of machines capable of undertaking all your mowing needs and surface maintenance.

User's speech:

"The Pro 46 and Pro 51 mowers are bullet proof but also light weight which enables one-man grass cutting teams to operate."

Craig Stockton Managing Director Sherratt Landscapes

Pro 53/LH2/LKX2

53 cm - 21 inch
4,4 - 6 HP/Gasoline
Grassbox: 85 L
Theoretical output:
2 910 sqm/h

Pro 51/X

51 cm - 20 inch
4,3 kW - 6 HP/Gasoline
Grassbox: 85 L
Theoretical output:
2 910 sqm/h

Pro 46/Evolution

46 cm - 18 inch
6 HP/Gasoline
Grassbox: 56 L
Theoretical output:
1 840 sqm/h

Biocut 53

53 cm - 21 inch
5,2 HP/Gasoline
Mulching
Theoretical output:
2 430 sqm/h

Duocut 41 N-ERGY

41 cm - 16 inch
Push mower or Self propelled
Electrical engine
36 VDC - 1 kW
Grassbox: 50 L
Theoretical output:
1 230 sqm/h

Duocut 46 N-ERGY

46 cm - 18 inch
Electrical engine
36 VDC - 1 kW
Grassbox: 56 L
Theoretical output:
1 518 sqm/h

Mowers

Biocut 53

Efficient even in long grass.

The powerful, high-performance mower Biocut 53 ensures a quick, clean, environmentally-friendly cut. The mulching cover can be removed to convert the Biocut 53 into a direct rear ejection mower, which is highly efficient in tall and wet grass.

PERFORMANCE

Mulching and grasscutting: ETESIA's cutting deck design with new profiled Biocut® blade lifts the grass before it is cut. The clippings are retained in the cutting deck and recut several times before being ejected as fine particles onto the turf where they will decompose naturally. A quick, clean, environmentally friendly cut.

COMFORT

The specially shaped handlebar is designed to protect the hands. All controls including the starter are incorporated into the handlebars for safety and operator comfort. The Biocut53's handlebars are fully adjustable. It can be folded for transport. The centralised system provides any cutting heights between 25 mm to 88 mm at the turn of a handle.

ROBUSTNESS

Cutting deck: The Biocut53's aluminium cutting deck does not rust or distort.

Engine: the powerful KOHLER engine delivers 5,2 hp for maximum efficiency. For light cutting, the machine's controls can be set on the economy position for lower fuel consumption.

The + products:

- Mulching without rival
- High grass mowing
- 3 forward speed
- Shaped handlebar
- Millimetre precision cutting height adjustment
- Powerful engine

Technical specifications:

| | |
|-------------------------------|---------------------------------|
| Model (l x w x h)** | Biocut 53 (91x56x109) |
| Cutting width | 53 cm - 21 inch |
| Engine | Kohler Courage XT-8 |
| Horse power | 5,2 HP - 3,1 kW |
| Speed | 2,9 - 3,4 - 4,6 km/h |
| Theoretical output (*) | 2 430 sqm/h |
| Grassbox | Ø |
| Weight | 43 kg |

(*) According to the mowing conditions (maximum mowing calculation x cutting width = theoretical output)
 (**) l = Length, w = width h = height (in cm)
